Hacienda sees strong growth for business park in 2013

New tenants, new products highlight economic recovery in 2012

Nearly 20 companies have moved into Pleasanton's Hacienda Business Park in 2013 as the city's major corporate and research center rebounds from a recessionary economy.

"Hacienda saw very positive growth in 2012 and we are pleased that 2013 has gotten off to a good start," said James Paxson, Hacienda's general manager. "We are expecting to see a good pace of additional tenant arrivals over the next several months."

Acquisitions, new product introductions and other innovations are leading the business park's growth. These include:

* Equity Administration Solutions Inc., or EASI, has been named to Deloitte's annual Technology Fast 500 for the second consecutive year. The list recognizes the fastest growing North American companies in technology, media, telecommunications, life sciences and clean technology.

* Wireless power specialists PowerbyProxi has unveiled its latest technology for wirelessly recharging a host of items from smartphones and tablets to TV remotes and other battery-operated devices. The Hacienda company's solution comprises a miniature receiver efficient enough to be integrated into the processor board of a smartphone without causing overheating, which works with a transmitter that provides complete spatial freedom of positioning.

* Maddie's Fund, an animal welfare foundation working to end the killing of unwanted companion animals by shelters, announced last month that it had received over \$44 million in donated media exposure for the Shelter Pet Project (SPP). The SPP, a collaborative effort conducted in 2012 between Maddie's Fund, the Humane Society of the U.S., and the Ad Council, encouraged potential adopters to turn to shelters in their search for a new pet.

New tenants arriving in Hacienda over the past three months include:

- Anderson's Uniforms, 5627 Stoneridge Drive, Suite 325.
